PROPERTY DESCRIPTION

The subject property comprises three adjoining stands (Erven 245, 246 and 247 Robertsham) measuring a combined 2 676m², improved with a well-constructed face brick, plastered brick and steel industrial building under IBR roof sheeting, designed for mixed office and light industrial use.

Fronting onto Port Road, the double storey face brick office building opens into a main reception area. The office component is arranged over the ground and first floor levels and comprises a combination of open plan and private offices, executive offices, boardrooms, a staff kitchen and ablutions. A walk-in safe provides secure storage within the administrative section. Finishes include ceramic floor tiles, laminated flooring and carpets with plasterboard and suspended ceilings.

The factory / warehouse offers a good functional layout arranged over more than one level, incorporating various enclosed rooms which may be utilised for storage, additional office space or operational requirements. Goods are moved between levels via a goods lift (2 000 kg capacity) and internal staircases.

Goods handling is via a dedicated loading dock under a steel canopy and four roller shutter doors. Vehicle access is via a palisade driveway gate in Port Road leading into an internal yard which allows interlink truck entry and exit (with limited manoeuvring space).

The property is serviced with an approximately 300 Amp three-phase electrical supply, suitable for light to medium industrial operations. Staff facilities include ablutions and change rooms within the industrial section, and parking is available for approximately thirteen (13) vehicles.

Security features include steel palisade fencing along the Port Road boundary, burglar proofing, CCTV and an alarm system.

The improvements are in overall fair condition, generally functional but requiring moderate upkeep, offering a versatile facility suitable for manufacturing, warehousing or mixed commercial operations.

ESTIMATED EXTENT OF IMPROVEMENTS
